PROFILE SUMMARY

Aspiring Data Analyst with hands-on experience across 3 internships and 3+ projects in MySQL, Python, MS Excel, Power BI, Power Query, DAX, and Data Visualization. Skilled in data cleaning, exploratory data analysis, dashboard development, KPI reporting, API integration, and business intelligence. Experienced in transforming raw data into meaningful insights through interactive dashboards and analytical reports. Seeking an entry-level Data Analyst opportunity to contribute analytical and problem-solving skills.

TECHNICAL EXPERTISE

- **Core Tools:** Microsoft Excel, MS Office, Power BI, Power BI Service, MySQL, Python, VS Code, GitHub, Jupyter Notebook
- **Data Analytics:** Data Cleaning, Data Transformation, Data Analysis, Data Visualization, Exploratory Data Analysis (EDA), Statistical Analysis, Dashboard Development, KPI Reporting, ETL (Extract, Transform, Load), API Integration, Report Automation
- **Power BI & Excel:** Power Query, DAX, Data Modelling, Star Schema, Table Relationships, Row Level Security (RLS), Interactive Dashboards, KPI Cards, Slicers, Drill-Downs, Pivot Tables, VLOOKUP, XLOOKUP, HLOOKUP, Pivot charts, charts, Conditional Formatting, Data Validation
- **SQL & Python:** SQL Joins, Self Joins, CTEs, Views, CASE WHEN, Aggregate Functions, GROUP BY, HAVING, ORDER BY, Window Functions, Constraints, Python with Pandas, NumPy and Matplotlib

PROFESSIONAL EXPERIENCE

Data Analyst Intern | Cognetix Global Technology | Mar 2026 – Apr 2026

- Completed 9 real-time data analytics tasks covering data cleaning, and visualization using Excel, SQL, and Python
- Performed data cleaning, preprocessing, and EDA using Pandas and NumPy to identify patterns, trends, and outliers
- Created analytical visualization using Matplotlib to communicate insights clearly to stakeholders
- Applied SQL queries to extract, filter, and aggregate data from structured datasets for analysis

Data Visualization Intern | Cognifyz Technologies | Jan 2026 – Feb 2026

- Created interactive dashboards using Excel with Pivot Tables and Pivot Charts, and conditional formatting to visualize key business data
- Performed data visualization and exploratory analysis to identify trends and patterns
- Presented insights and finding through structured analytical reports for business review

Tech Support Engineer | VKR solutions | Jan 2025 – Dec 2025

- Trained 70+ learners in Excel, SQL, Power BI, and Python, covering data analysis fundamentals, dashboard building, and query writing
- Designed structured course materials, assessments, and hands-on assignments to strengthen practical data skills
- Provided technical guidance and mentorship on real-world projects, helping learners debug queries and build dashboards

Projects

Cryptocurrency Market Analytics | Python, SQL, Power BI, CoinGecko API | [GitHub](#)

- Integrated CoinGecko API using Python to extract real-time cryptocurrency market data, including price, market cap, and trading volume
- Cleaned, transformed, and structured raw data using Python (Pandas), Power Query for analysis
- Wrote SQL queries using joins, aggregate functions to analyze price trends and market volatility
- Built interactive Power BI dashboards with DAX measures, KPIs cards, Slicers and visualize real-time market trends and performance.

Weather Analytics Dashboard | Power BI, Power Query, DAX, OpenWeather API | [GitHub](#)

- Integrated the OpenWeather API to extract real-time weather data for Chennai, including temperature, humidity, wind speed, and forecast
- Built DAX calculated measures to track daily average temperature, humidity trends, and min / max values
- Designed an interactive Power BI dashboard with trends line charts, filters to visualize Chennai's weather patterns over time

Pizza Sales Analysis | Power BI, MySQL, Excel | [GitHub](#)

- Cleaned, transformed, and structured sales data using MySQL, Excel, and Power Query for analysis
- Wrote SQL queries using GROUP BY, JOINS to identify top-selling products, peak order hours, and revenue trends
- Developed an interactive Power BI dashboard

Certifications

- Power BI Certification – VKR solutions

Education – MCA | Christ College of Engineering and Technology | Pondicherry | 2022-2024 – CGPA – 8.7
